Get Balance

We provide support to a number of student organisations who work towards getting students engaged in the campus community.

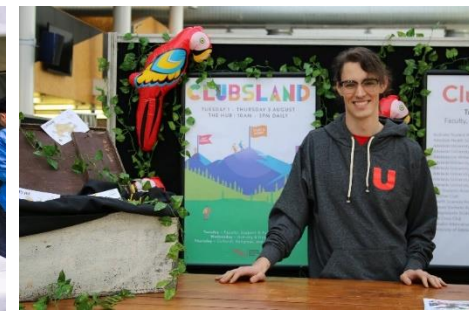

Student Media Outlets

Student Representation

Joining a Club is one of the best things you could do at Uni, and we help run over 150 of them.

Get Involved

- Events at all Campuses throughout the year
- Free and ticketed
- Networking and social
- Member and non-member

Get Social

The majority of our funding comes from the compulsory SSAF payment that all students make. 100% of this goes back into events, activations and services.
