1.0 INTRODUCTION

The purpose of the Student Code of Conduct is to inform the University of Adelaide College students of the expectations of the College regarding student conduct. This includes general behaviour as well as following requirements for assignments and examinations. It outlines a process to enable the withdrawal of students for breaches of a code of conduct.

All College students are expected to read, understand and adhere to the Student Code of Conduct and should be aware of the consequences of not following College requirements as set out in this policy. Academic and Student Services staff are expected to be aware of the policy in order to advise students and to implement the policy when appropriate.

The Procedures section below outlines the management processes when preferred conduct is breached. This is referred to as misconduct.

Bullying and harassing behaviour is unacceptable at the College and will not be tolerated. Further, any retaliation against an individual who has complained of harassment, or retaliation against individuals for cooperating with an investigation of a complaint, will not be tolerated. Allegations of bullying and harassment involving students will be handled with sensitivity and impartiality and in accordance with the School's complaint process. Where it is determined that harassment has occurred, the College will act promptly to eliminate the improper conduct and take corrective action as is necessary, including disciplinary action where appropriate.

Harassment:

All members of the College community have the right to:

- feel safe and comfortable at all times
- feel secure at all times.

All members of the College community have the responsibility to:

- keep themselves and their environment safe
- show respect for themselves, for others and for the property of the College.

Actions which take the form of harassment or assault or which are coercive, including those that are seemingly justified on the basis of being an initiation into, or punishment within a group, are unacceptable. Harassment is not tolerated at the College and the National Campus Director will deal with all incidents of harassment. The College will provide assistance for anyone who feels that they are being harassed and will try to resolve the issue with both parties. If the problem persists, a formal complaint should be made to the National Campus Director and further action will be taken. Add link to SASH Policy
